**Truck & Business™** is a specialized business-to-business magazine covering business strategy in road transport. It is particularly targeted at the executive and top managers of transportation companies and haulage contractors who face the challenge of managing their companies efficiently and those who decide future development. Suppliers to the transport companies make up the other major target group of the magazine.

Trucks & Business aims to help the managerial staff of both the transport and supply sector to orientate themselves around new trends in the industry, to seek out new reserves in efficiency, to inspire and focus on new topics in their business and, finally, to establish a communication platform between customers and their suppliers. Trucks & Business is a Czech edition of the European magazine of the same name published by Multi Media Management Business Media company (MMM Business Media) of Belgium.

MMM Business Media is a respected company with pan-European activities dealing with print and e-zine publishing, training & education and corporate communication in the field of passenger car and truck fleets. MMM Business Media publishes the prestigious Fleet Europe and Truck Europe magazines within its portfolio. Club 91, s.r.o., the publishing company of the Czech edition of Truck & Business, is highly regarded for other B2B publications, such as AutoBusiness, Pneu revue and FLEET Company Cars.

### Target Groups

- ▶ executive and top management of transportation companies
- ▶ executive and top management of haulage contractors
- ▶ supplier companies of all kinds (vehicles, trailers, parts, fuels, electronic device, software...)
- ▶ banks, leasing and insurance companies
- ▶ public administration, associations, schools
